

Flower festival in Bucini

The last weekend in May, there was a so called Flower-Festival in Bucini. Present was a delegation of our Belgium-partner Bièvre and the President of our Charter.

The aim of this festival that different regions of Italy shows their regional culture and products. Bucini organises this Festival since 6 years and I think it is a great success.

Out of the Italian participants, Bucini likes to invite every year one or two members of our Charter. This year it was Bièvre who participated. Bièvre presented their local products cheese, chocolate, wine and sausage.

I was asked to give a short speech about the aim of our Charter.

The hospitality we received was excellent and we like to thank our friends from Bucini for that.
