Before the meeting, the participants will have to fill in a questionnaire, which will be provided later.

All participants will stay in host families because, as we all know, intercultural dialogue starts at the kitchen table. This will help them to know and to respect each other's way of life.

I would ask you to let me know **the identity of the participants until latest 21.01.2011.**

Troisvierges can be reached either by the airports of Luxembourg City or Liege (Belgium).

You may also easily arrive by train as we have a railway station.

We will be pleased to send your more transport information and schedules upon request.

For any questions, I stay at your entire disposal; please do not hesitate to send me an e-mail to my address [Lucien.majerus@education.lu](mailto:Lucien.majerus@education.lu) .

I sincerely hope the young people will spend a great stay with us in Troisvierges.

Kind Regards,
