

Friendship between a family from Lasse in Austria and a family from Fensmark in Denmark

By the annual charter meeting in Lassee in June 2007 Erik Torm was accommodated at the family Gasselich in Lassee.

Franz, Gerhild, Lasse (from Denmark), Martina and Maggie

The daughter of the house Maggie had started to learn Danish and was in August 2007 to participate in an intensive Danish course at Copenhagen University. There was a need to find a place to live at an affordable rent. It was an important basis for the contact between families, which then evolved.

Already in late June visited Erik Lassee again along with his wife Hanna. In addition to many good conversations with Gerhild and Franz and their family and friends, we had also agreed on everything about Maggie's Danish course in Copenhagen. She got a room free of charge available inside the Copenhagen local traffic zone and the last week of the stay she lived with Hanna and Erik in Fensmark.

Again in June and in October 2008 Hanna and Erik visited their family friends in Lasse. Last time, together with a Danish sculptor Lis Andersen, who had exhibited in Bratislava. Meanwhile, the family had Gerhild and Franz along with another family been on a holiday to Scandinavian in August, including Copenhagen and the little mermaid was visited with Erik from Fensmark as a guide.
