

Tuesday, 3 July 2007

We have been Nagycenk in Hungary, where we saw the mayor at City Hall. The mayor invited us all to lunch. We got Hungarian gullash and a dessert.

Then we were at the palace visit, as a horse stud and some old locomotives.

Late afternoon, we made the show in the city's sports. Girls showed super nice gym and have been highly praised for their excellence. Evening Dinner was taken at a restaurant in town. We were back at the hotel very late. The weather was very hot - 40 degrees and sunshine.

Udmarch efter en super god
opvisning

Thursday, 5 July 2007

We have been in Stary Poddvorov - in the Czech Republic.

We arrived in town at 10:30, and would then take the town hall. The first 4 we asked could only speak Czech, but we took the mayor at his home address. He was very happy to see us. We first drove out to an old mill, which has been renovated and now stands as a museum. It was very nice and the girls were very interested to see inside the mill. All also wrote in the guest book.

Then we drove to the town hall, which served sodas, coffee and cake. Franticek The mayor - we were

allowed to call him Franz, held a "small" talk to us when he talked about the city. Then we thanked for his kindness and handed him a gift.

After 1 ½ hours at the town hall, we drove to the sports field, where we had to give show. This was done during the break of a football game - long pause for the players. We showed a slightly smaller program because there were some gusts in between, so plinth and stool were dropped. It was a really beautiful show girls made. Franz was very impressed with our girls. After opvisningen were served smoked sausages for us all. Fathers ate well, because the girls were wild with these sausages.

We thanked Franz for a super good day and traveled to Bratislava, where we ate dinner. The weather was gray, rain and sun, and approx. 25 degrees.
